PROFILE

Driven IT enthusiast with a strong interest in Database Management Systems, possessing solid knowledge of SQL, normalization, and database design. Experienced in writing efficient queries and managing data effectively, with a focus on building reliable and scalable data solution.

EDUCATION

Bachelor of Technology in Information Technology, Mepco Schlenk Engineering College, Sivakasi**.** **2027**
CGPA: 8.38 (upto V Sem)
HSC , St. Mary of Leuca Matric Hr. Sec School, Madurai. **2023**
Percentage:88.33%

EXPERIENCE

CopterCode, IITM Research Park, Chennai. Role: Cloud Application Developer **June 2025**
Developed cloud-based applications on AWS with a focus on database management using SQL.
Handled data storage, querying, and secure transaction processing as part of the application development lifecycle.

PROJECTS

- **IPv6 LandMarker-Plus | Java, MongoDB, Networking, Kanban** **Nov 2025**

Built an IPv6 geolocation system using density-based clustering to map network landmarks.
Enhanced network security and visibility by analyzing traffic patterns to detect location-based suspicious activities.

- **Gyan Yatra: Gamified Learning Platform | React.js, Node.js, Firebase, ClickUp** **Sep 2025**

Developed a full-stack gamified education platform with interactive modules and cloud access for rural students.
Built frontend components and integrated backend services to optimize student engagement and platform scalability.

- **Ritual Resource Management System | Java, MySQL, JDBC** **April 2025**

Developed a system to manage and track ritual resources using Java and MySQL.
Implemented JDBC connectivity and SQL queries for efficient data storage and retrieval.

- **Social Media Parsing App | Java, MySQL, JDBC, ArgoUML, ClickUp** **Feb 2025**

Developed an application to parse and analyze social media data using Java and MySQL.
Designed system models using ArgoUML and implemented JDBC with SQL queries for efficient data handling.

SKILLS AND INTERESTS

Technical Languages: Java, JavaScript, HTML, CSS, SQL.
Cloud & Databases: Azure, AWS, MySQL, MongoDB.
Frameworks & Tools: Node.js, React.js, Git & GitHub.
Areas of Interest: Database Management Systems, Web Development.
Spoken Languages: Tamil, English, Hindi.

CERTIFICATIONS

- Microsoft Azure AI Engineer Associate (AI-102).
- AWS Cloud Technical Essentials via Coursera.
- Gemini University Student Certification.
- Oracle AI Foundations Associate.
- IEEE English for Technical Professionals.

ACHIEVEMENTS & PUBLICATIONS

- Qualified up to Round 3 in the Smart India Hackathon (SIH), a national-level innovation challenge.
- "IPv6 LandMarker-Plus: Enhancing Geolocation Accuracy and Efficiency", published in IMPACT-2026.
- Recognized as an NPTEL Discipline Star and NPTEL Enthusiast Star.

POSITION OF RESPONSIBILITY

- Joint Secretary of The Institution of Engineers(IT).
- Event Head of the Innovative Club.
- Class Representative.
